PROFESSIONAL SUMMARY

Junior iOS Developer with experience in Swift, SwiftUI, Firebase, and REST APIs. I enjoy building functional social and messaging app prototypes, writing clean and readable code, and improving with every project. I communicate clearly, work well with others, and value feedback during development. I'm looking for an opportunity to contribute to a team, continue learning, and grow as an iOS developer.

TECHNICAL SKILLS

Swift: Swift, SwiftUI
Networking: REST APIs, HTTP, JSON, async/await
Backend: Firebase Authentication, Firestore, Firebase Storage
Apple Frameworks: AVKit, PhotosUI
Tools: Xcode, Git, GitHub

WORK EXPERIENCE

Junior iOS Developer & Product Associate

Michal Cech s.r.o. · Prague, Czech Republic

Sep 2024 - Dec 2025

- Built and improved SwiftUI and UIKit screens, navigation, search, filtering, and API-connected interfaces.
- Tested and debugged iOS prototypes for health, wellness, and hospitality projects.
- Collaborated on feature ideas, usability improvements, and product decisions.

PROJECTS

Espres — SwiftUI Social App

SwiftUI · Firebase · Firestore · AVKit · PhotosUI

Dec 2025 - Present

- Built authentication, social feeds, video playback, media upload, profiles, comments, saved content, and messaging.
- Integrated Firebase Authentication, Firestore, and Storage.
- Structured the app with models, services, reusable SwiftUI views, and async state handling.

ChatSide — Messaging Prototype

SwiftUI · Search · Navigation

- Built conversation previews, contact search, new-chat selection, and direct messaging screens.
- Implemented live filtering and reusable SwiftUI components.
